## Tracked Wood Poles

Upgrade any 45mm Origins pole to a tracked corded or uncorded design, to combine the beauty of a wood pole with the smooth functionality of a track. Your corded and uncorded Origins pole will be carefully hand made by inseting a premium Silent Gliss track into the underside of the pole. Your curtains can then be hooked onto the gliders in the track, removing the need for rings. This gives a stunning finished look with the curtain heading running much tighter to the pole. The Origins tracked wood pole can be corded to give an added level of convenience and control.

To order Origins Corded or Uncorded Wood Poles use item no. **ORIGINS/MTM**
